EUROREPAR

THE EUROREPAR RANGE OF BUMPERS AND GRILLES CONTINUES TO GROW.

Fast becoming the go-to choice for collision parts, the new Eurorepar range of grilles and front and rear bumpers is reducing the cost of repairs. All parts are carefully designed to preserve the vehicle's original appearance, while acting as a vital safety feature that safeguards mechanical components by shielding the cooling system from external threats.

As with the Eurorepar brand in general, the new collision range is competitively priced and so is ideal for older vehicles (models out of production and over 5 years old), and is a perfect fit for popular marques such as Vauxhall, Peugeot, Citroën, Fiat and Fiat Professional models. All parts have been tested and approved by Stellantis and comply with EU safety.

Plus they come with Eurorepar's 2-year warranty.

For ease and speed of assembly, the new components match that of the original part offering the dual benefits of quality at affordable prices. There are now well over 100 references that have been subjected to extensive testing to guarantee a high standard of quality, safety and appearance.

The Eurorepar body parts range will be expanding further, so be sure to keep checking out the growing list of references in the coming months, at distrigoparts.co.uk
