WELL MADE AND COST-EFFECTIVE, EUROREPAR PARTS DO IT EVERY TIME

With 1000s of references available across a huge range of product, you can rely on Distrigo to bring you the parts you need on time, every time.

ALTERNATORS

With all wear parts replaced by original or premium-quality components, Eurorepar's renovated range of alternators covers 70% of cars on the road. All re-usable components are cleaned and treated to ensure correct mechanical and electrical performance, while assembly is identical to the original equipment.

CLUTCH KITS

As the all-in-one solution (clutch disc, clutch mechanism and mechanical or hydraulic thrust bearing), Eurorepar Clutch Kits are tested in the most difficult operating conditions to ensure the components provide fluid gear changes, with constant optimum performance and a prolonged service life.

Our multi-part range covers key product families to offer tested reliability and great value for money. Ideal for out-of-warranty vehicles or for customers on a budget, all parts come with a 2-year guarantee, and comply fully with quality standards and regulations. We are constantly adapting to market trends and adding new references all the time.

INTRODUCING **EUROREPAR BUMPERS**

The new Eurorepar range of collision parts is rapidly expanding. Our Front and Rear Bumper range was launched a few weeks ago and is primarily for older vehicles (models out of production and over 5 years old), for popular Vauxhall, Peugeot, Citroën, Fiat and Fiat Professional models.

Designed to perfectly match the original part, there are over 100 references that have been subjected to extensive testing to guarantee a high standard of quality, safety and appearance. And for extra peace of mind, they all come with Eurorepar's 2-year warranty.

There's a new addition on the horizon being bolt-in grilles which all offer the same Eurorepar dual benefits of quality at affordable prices. These also comply with EU safety specifications, and will fit exactly as the original parts, saving time in the workshop.

As this exciting range of collision parts continues to grow, be sure to visit distrigoparts.co.uk to stay up to date with all the latest information.
