

## TOTAL LOSS AVOIDANCE

# ARE BORDERLINE **TOTAL LOSSES** EATING INTO YOUR BOTTOM LINE?

The *Distrigo Total Loss Avoidance Programme* is designed to help YOU repair more vehicles, keeping them on the road and out of the scrap yard.

Too many 'borderline' vehicles are being written off based solely on repair costs vs. their Pre-Accident Value (PAV). Many of these vehicles can still be safely repaired, and now we can make that happen.

- + More repairs = More revenue.
- + 100% incremental sales.
- + Happier customers who keep their cars.

### **HOW IT WORKS:** You've got two ways to save a repair:

#### 1. PROACTIVE

If you're signed up to **ACE (Automated Crash Estimates)**, our TLA team will automatically contact you when an Audatex estimate crosses the borderline threshold.

#### 2. REACTIVE

Simply reach out to our dedicated TLA team directly if you believe a vehicle could be saved with some additional parts support.

All pricing support is funded by Stellantis – no extra admin for you. Orders still come through your standard Distrigo site.

The Distrigo TLA team can be contacted via:  
Phone: **(0800) 208 8948** or Email **tlauk@stellantis.com**

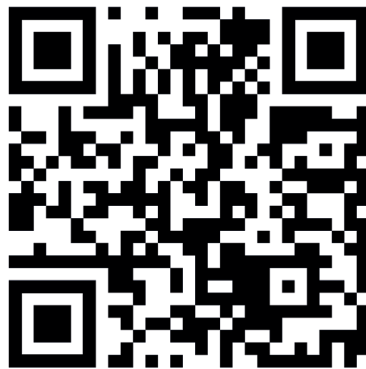

# HOW DO I SIGN UP TO **ACE**?

To sign up to **ACE (Automated Crash Estimates)** and be automatically contacted by our TLA team when an Audatex estimate crosses the borderline threshold.

Simply contact your nearest Distrigo Parts Site by visiting the website or scanning the QR code below.
