GENUINE AND ALL MAKES PARTS FOR THE TRADE

KEEP IT SIMPLE THINK 'EUROREPAR' FOR PARTS EVERY TIME

Eurorepar provides a high-quality, cost-effective solution for when cars are over three years old and original parts are no longer a priority. For extra reassurance, all Eurorepar parts come with a 2-year warranty.

FRONT BRAKE PADS

Manufactured using approved materials, the pads are performance-tested between -30°C and +500°C to ensure safety for all conditions on the road. This renewed range includes an anti-noise system and optimised friction materials adapted to each individual vehicle.

FRONT BRAKE DISCS

Manufactured at ISO-certified production plants, all discs are tested for vibration, wear, and lifespan to guarantee safety, performance and comfort. Available as ventilated or solid discs, they come with bearings to make it easier to replace components without causing damage.

EUROREPAR

HAVE YOU DISCOVERED EUROREPAR BUMPERS AND GRILLES?

Launched earlier this year, the new Eurorepar range of collision parts now includes bolt-in grilles. Not only do they preserve the vehicle's original appearance, but they are a vital safety feature, designed to safeguard mechanical components by shielding the cooling system from external threats.

Together with our front and rear bumper parts, the complete collision range is primarily for older vehicles (models out of production and over 5 years old), for popular Vauxhall, Peugeot, Citroën, Fiat and Fiat Professional models.

Designed with assemblies that match that of the original part in every respect, there are now well over 100 references that have been subjected to extensive testing to guarantee a high standard of quality, safety and appearance. And all come with Eurorepar's 2-year warranty for extra peace of mind.

The new range of Eurorepar collision parts is expanding rapidly, so be sure to visit distrigoparts.co.uk to keep up date with all the new parts that become available.
