GENUINE AND ALL MAKES PARTS FOR THE TRADE

EVER WONDERED WHY SO MANY GARAGES TRUST EUROREPAR FOR PARTS?

It's because we get it right. We offer thousands of references that all hit the sweet spot of superior quality combined with great prices. And just for extra reassurance, all our parts come with a 2-year warranty (3 years for batteries).

SHOCKS

With over 424 part numbers covering more than 36,000 model/engine pairings to choose from across all makes, Eurorepar shocks use twin-tube gas-filled technology to ensure driving performance. Each assembly comes in a single box with instructions included.

STEERING

The range includes 160 tie-rods, and 310 suspension and steering ball joints all made from high-quality materials. The parts undergo durability tests to measure robustness and are technically approved by fatigue testing to ensure optimum performance in all conditions.

SUSPENSION

Eurorepar offers a reduced-price new range that re-uses existing spheres to cover the entire fleet of Stellantis vehicles on the road. The wishbone and suspension arm is engineered to provide precise guidance of the wheels with vibration damping for improved driving comfort.
