

Product Information:

DISTRIGO 0W-20

SYNTHETIC TECHNOLOGY – FUEL EFFICIENT

Description

DISTRIGO 0W-20 is a high performance synthetic technology engine oil formulated to cope with the exacting demands of OEMs requiring low viscosity engine oils. The product uses a combination of synthetic base fluids and an advanced additive system to provide a balanced lubricant that delivers friction reduction, component protection and fuel efficiency.

DISTRIGO 0W-20 provides low-speed pre-ignition (LSPI) protection for gasoline direct injection engines and protects catalytic converters from fouling.

DISTRIGO 0W-20 provides the following benefits:

- Contributes to overall fuel efficiency
- Circulates rapidly from cold
- Strong oil film protects at high temperatures and under arduous work loads
- Ensures a high level of component cleanliness and operational efficiency

Applications

Recommended for petrol and diesel engines, fitted in cars and vans, including turbo and supercharged versions requiring a low viscosity 0W-20 oil, specifying one of the performance levels listed below.

Performance Levels

Meets the requirements of: API SP, API SN, API SN Plus, API SN Plus RC, ILSAC GF-6A, GM dexos1™ Gen 2

Distrigo 0W-20 Trade Oil is suitable for use in the following vehicle manufacturers, depending on model and date of manufacture:

Chevrolet, Daewoo, Daihatsu, Honda, Hyundai, Infiniti, Kia, Lexus, Mazda, Mitsubishi, Nissan, Opel, Subaru, Suzuki, Toyota, Vauxhall.

If you cannot see a specific manufacturer listed, or you are unsure of the suitability of an application, please contact our Technical Helpline for guidance on 01743 237541.

Physical Characteristics

Viscosity @ 100°C, cSt.	8.23
Viscosity @ 40°C, cSt.	42.34
Viscosity Index	173
Density @ 15.5°C	0.846
Flash Point (Closed) °C	209
TBN, mg/KOH/g	8.5
Pour Point °C	-33
