

Vauxhall Trade Club C1 5W-30

Fully synthetic low SAPS engine oil

Description:

Vauxhall Trade Club 5W-30 C1 is a fully synthetic multigrade engine oil designed for use in light duty diesel and petrol engines found in a number of passenger cars and vans. In particular Trade Club 5W-30 C1 is designed for use in vehicles fitted with exhaust after treatment systems where its low SAPS (sulphated ash, phosphorus and sulphur) levels ensure the correct operation of devices such as diesel particulate filters and catalytic converters.

Features & Benefits:

- Fuel efficient multi grade
- Long drain intervals
- Excellent low temperature properties
- Very high standards of engine cleanliness

Applications:

Trade Club 5W-30 C1 is recommended for a number of the latest diesel and petrol engines, including turbocharged, in passenger cars and light commercial vehicles. Typical manufacturers include Mazda, Jaguar, Land Rover and Toyota.
