

Vauxhall Trade Club M5 80W-90

Mineral oil based gear oil meeting API GL-5

Description:

Vauxhall Trade Club 80W-90 M5 is an extreme pressure gear oil meeting the API performance level GL-5. It is manufactured from high quality base oils and high levels of extreme pressure (EP) additives to provide a lubricant with outstanding anti wear protection. It is designed to cope with the increasing demands of modern motoring conditions, which include high shock load, high torque and high speed service conditions.

Features & Benefits:

- Excellent oxidation stability
- Good low and high temperature performance
- Good protection against rust and corrosion
- High level of wear protection

Applications:

Trade Club 80W-90 M5 is suitable for some manual gearboxes and differentials fitted to a wide variety of automotive, agricultural and commercial vehicles.

Specifications & Typical Test Data:

Specifications	Test Description	Typical Result
API GL-5	Density @ 20°C	0.875 g/cm ³
