

Vauxhall Trade Club SS 75W-90

Fully synthetic gear oil meeting API GL-5

Description:

Vauxhall Trade Club SS 75W-90 is a new generation of extreme pressure, semi synthetic, multi grade gear oil meeting the API performance level GL-5. It is manufactured from high quality synthetic hydrocarbon base stocks which have a high viscosity index and a combination of mineral oils and extreme pressure (EP) additives to provide a lubricant with outstanding anti wear protection. Efficient low temperature gear change and the high-speed protection afforded by this grade make it an ideal choice when problems have been encountered with the use of more conventional gear oils.

Features & Benefits:

- Excellent oxidation stability
- Outstanding low and high temperature performance
- Long service life
- Good protection against rust and corrosion
- Very high level of wear protection
- Suitable for use in most synchromesh gearboxes and hypoid axle units
- Improved fuel economy

Applications:

Vauxhall Trade Club SS 75W-90 is suitable for the majority of manual gearboxes, including hypoid gears, synchromesh gearboxes and final drives fitted to automotive and commercial vehicles.

Specifications & Typical Test Data:

Issuing Body	Specification	Test Description	Typical Result
API	GL-5	Appearance	Clear Liquid Yellow
MIL	2105D	Specific Gravity @ 15°C	0.860
		Kinematic Viscosity @ 100°C (cSt)	14.8
		Kinematic Viscosity @ 40°C (cSt)	96.0
		Viscosity Index	161
		Flash Point COC (°C)	225
		Pour Point (°C)	-45
